PROFILE

Motivated Full Stack Web Developer with hands-on experience building and deploying production-ready web applications. Independently designed and launched a complete educational platform (Mathsphere Academy) featuring REST APIs, automated email notifications, an admin dashboard, and a full CI/CD pipeline. Comfortable working across the full stack — from responsive frontends to Node.js backends with MongoDB. Currently expanding skills through active project development and eager to contribute to a team environment.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), ReactJS, Responsive Web Design

Backend: Node.js, Express.js, REST API Development, Node mailer

Database: MongoDB, MySQL (familiar), Data Modelling

Tools: Git, GitHub, VS Code, Postman, Netlify, Render

DevOps: CI/CD Pipeline Setup, API Integration, Form Handling, Deployment

WORK EXPERIENCE

Full Stack Developer & Tech Consultant

Mathsphere Academy (Project-Based / Remote) · July 2025 – October 2025

- Built a complete full-stack web application for a live educational institution enabling students to book demo classes online
- Engineered a responsive landing page with dynamic course listings and interactive contact forms using HTML5, CSS3, and JavaScript
- Developed a Node.js + Express.js backend with REST APIs handling contacts submissions and demo requests
- Implemented an automated email notification system using Node mailer, sending real-time alerts to admins on new requests
- Built an admin dashboard for managing student inquiries and tracking demo class bookings
- Established end-to-end CI/CD pipeline: frontend deployed on Netlify, backend on Render, with zero-downtime updates

Live: <https://magnificent-peony-b7d999.netlify.app>

API Documentation: <https://mathsphere-academy.onrender.com/api/contact/contacts>

PROJECTS IN DEVELOPMENT

Actively building and deploying additional full-stack projects to further strengthen backend and API development skills. Focused on debugging real-world integration challenges — currently working through deployment and backend logic for the next release.

EDUCATION & CERTIFICATION

Web Development Certification

Apponix Academy, Bangalore · January 2025 – May 2025

Bachelor of Arts – English

Mewa Degree College

Bachelor of Arts – Hindi

Mysore University

STRENGTHS & LANGUAGES

Core strengths: Client collaboration, technical documentation, debugging, solo project execution, fast self-learning, technology integration

Languages: English (Fluent) · Hindi (Fluent) · Kannada (Advanced)
